Course Title: Research Project

Course Code	Credit	Contact Hours	Internal			External	
			Theory	Continuous Assessment	Practical	Theory	Practical
MBA406REP	6	90	0	0	50%	0	50%

Course Outcomes (COs)

1. To practice theoretical concepts in Research methods
2. To provide students an opportunity of qualitative and quantitative research based learning in a systematic manner.
3. To apply conceptual knowledge using statistical techniques of data analysis
4. To learn art of writing research paper/ research Article.

Programme Outcomes (PO) of MBA with effect from Academic year 2019-2020

PO1: Management Knowledge: To develop students' Comprehensive management knowledge that can help them to be a business leader and manager

PO2: Analytical Skills: To demonstrate conceptual, analytical, technical, entrepreneurial and human relation skills to be an effective management professional and that help to diagnose problem-solving skills in order to support management decision-making.

PO3: Research Aptitude: An ability to demonstrate a critical awareness of current issues (diversity, social responsibility, sustainability, innovation, knowledge management, etc.) in business and management which is informed by leading edge research and practice in the field.

PO4: Culture, Values and Ethics: Gain insights into how cultural values can impact ethical decision making. Understand that ethical standard can vary across cultures, and develop the ability to navigate these differences to become successful managers

PO5: Strategic marketing Knowledge: To possess a deep understanding of marketing principles, including competitive analysis. Students would be able to formulate effective marketing strategies to address business challenges and opportunities.

PO6: Financial knowledge: Develop a strong foundation in financial principles, including understanding financial markets, risk management, financial instruments and valuation techniques.

PO7: Entrepreneurship Skills: Apply the entrepreneurial, analytical, managerial skills for effective business management and for effective startups.

PO8: Individual and Leadership skills: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

PO9: Strategic HR Knowledge: Able to develop and implement strategic human resource management plans that align with overall business goals. This involves understanding how HR strategies can contribute to the success of an organization.

PO10: LifeLong Learning: Ability to integrate business knowledge and management techniques in a changing business environment to achieve long term objectives of organization.

MBA

SEMESTER

I

Course Title: Soft Skills

Course Code	Credit	Contact Hours	Internal			External	
			Theory	Continuous Assessment	Practical	Theory	Practical
16040101	2	30	20%	30%	-	50%	-

Course Outcomes (COs)

- 1 Developing personal goals and understanding career aspirations.
- 2 Understanding the importance of listening in communication.
- 3 Developing skills to meet organizational needs and requirements.

Program outcomes (POs) of B.COM

PO 1. Accounting and Financial Proficiency:

- Develop a thorough understanding of accounting principles, financial reporting, auditing, and taxation to prepare and analyze financial statements for various organizations.
- Learn how to use accounting information for decision-making within organizations. This includes cost behaviour analysis, budgeting, variance analysis, and performance measurement.

PO 2. Analytical and Critical Thinking Skills:

- Enhance students' ability to analyze business problems critically and make informed decisions.
- Foster the development of analytical skills by applying quantitative and qualitative techniques.

PO 3. Professional Competence and Skills:

- Equip students with the professional skills required for a successful career in business, including communication, leadership, teamwork, and problem-solving skills.
- Prepare students for professional certifications and higher education opportunities.

PO 4. Ethical and Social Responsibility:

- Instill a sense of ethical behaviour and social responsibility in business practices.
- Teach students to consider the impact of business decisions on society and the environment.

PO 5. Global Business Perspective:

- Provide students with an understanding of the global business environment and international business practices.
- Develop an awareness of cultural diversity and its impact on business.

PO 6. Legal Acumen in Business:

- Familiarize students with business law, including contract law, corporate governance, and regulatory frameworks affecting business operations.
- Familiarity with laws governing corporations' formation, operation, and dissolution. This includes knowledge of shareholder rights, director responsibilities, corporate governance, mergers and acquisitions, and securities re

PO 7. Practical and Applied Learning:

- Offer opportunities for practical learning through internships, projects, and industry interactions.
- Encourage the application of theoretical knowledge to real-world business situations.

PO 8. Entrepreneurial Skills:

- Foster entrepreneurial thinking and skills among students.
- Encourage innovation and creativity in identifying and exploiting business opportunities.

PO 9. Lifelong Learning:

- Encourage individuals to pursue learning opportunities throughout their lives, beyond traditional education.
- Provide opportunities to acquire new skills and knowledge that are relevant to personal interests and professional needs.

PO 10. Personal and Professional Development:

- Support the personal growth and professional development of students.
- Help students build a strong personal brand and prepare for career advancement.
