Turn Possibilities Into Reality
At Swarnim University

Having over 15 years of experience in higher education, Swarnim Startup & Innovation University aims is to inculcate the spirit of entrepreneurship and start-up's amongst the youngsters of our nation. The enriching environment, along with the technical and non-technical courses, helps in the academic, personal, professional and development of the students. With the state-of-the-art startup launchpad, the youngsters can explore, validate, and launch their business ideas 24*7. Our regular and expert talks are organized with industry leaders so that we can bridge the gap between academics, industry, and the society at large.

We encourage our students to have faith in themselves and be confident enough to create their own path for the nation's better future. The faculty members, experts and scholars in their profession who contribute towards the holistic development of all the students.

We encourage them to focus on research along with academics, in order to help us create a stronger and prosperous delivery system.

VISION

To be a globally competent Institution imparting education based upon the foundation of Innovation, Entrepreneurship and Intrapreneurship.

MISSION

To create budding Entrepreneurs who can compete globally by grooming their Innovative and startup skills.

FROM THE DESK OF

Make yourself so worthy, that you become the dawn of a greater future. We, at Swarnim Startup & Innovation University, are strong believers in this philosophy. We strive to make our students extremely worthy so that they always emerge victorious in every endeavour. The ever-evolving global market demands intellectuals who are dynamic, far-sighted, and most importantly, innovative. The demands of the EMPANELED world require innovative thinkers who are ready to take up challenges as well as be triumphant.

Our courses and programs have been designed for holistic development such that the aspirants are skilled, creative, and confident, all at the same time. We help them become intellectually adept; socially and technically sound through initiatives like regular brainstorming sessions, seminars, group discussions, case studies, project presentations and thought-provoking events. Our committed faculty, updated curriculum and excellent facilities ensure that you improve your skills, possess impressive qualifications, embark on a global career, and lead a blazing trail of success. Come and take your life to newer heights. Shape your future at our campus. I wish a bright future ahead to all the youngsters.

Shri Rishabh Gayaprasad Jain
President & Founder,
Swarnim Group

Mrs. Sunita Jain
Trustee (GP Jain Charitable Trust)

Swarnim University is dedicated to offering the best learning environment possible as the first institution in India to offer educational courses on startups and entrepreneurship. With the will to reach the highest standards of entrepreneurial excellence on a global scale, the faculty of the institution spreads the wings of students to the maximum potential. The indulgence of the educational administration is found here in such a rich course by selecting deserving academics and inviting authorities in their respective domains.

Mrs. Vinjal Jain
Trustee (GP Jain Charitable Trust)

The academic environment at Swarnim University is actively improved by the faculty. To promote employability, educators, managers, and technocrats are encouraged to inspire students to pursue employment in these disciplines. Swarnim team works towards cultivating an environment of creation, innovation, and entrepreneurship to empower the kids and provide them with the necessary tools & equipment.

As a result, young people must be well-rounded and equipped to handle whatever obstacles they may encounter in life.

Mr. Love Jain
Vice President - Swarnim Group

The claim we make at Swarnim is that it is the pioneering institution of its kind in India that concentrates solely on instructing young people about founding enterprises and being entrepreneurs. We seek to produce, enhance, and spread information to create a learning environment where start-ups and entrepreneurs are born.

We believe that young people should be well-rounded and equipped to handle any obstacles they may encounter in life.

Mr. Rishi M Jain
MD, Swarnnim Group

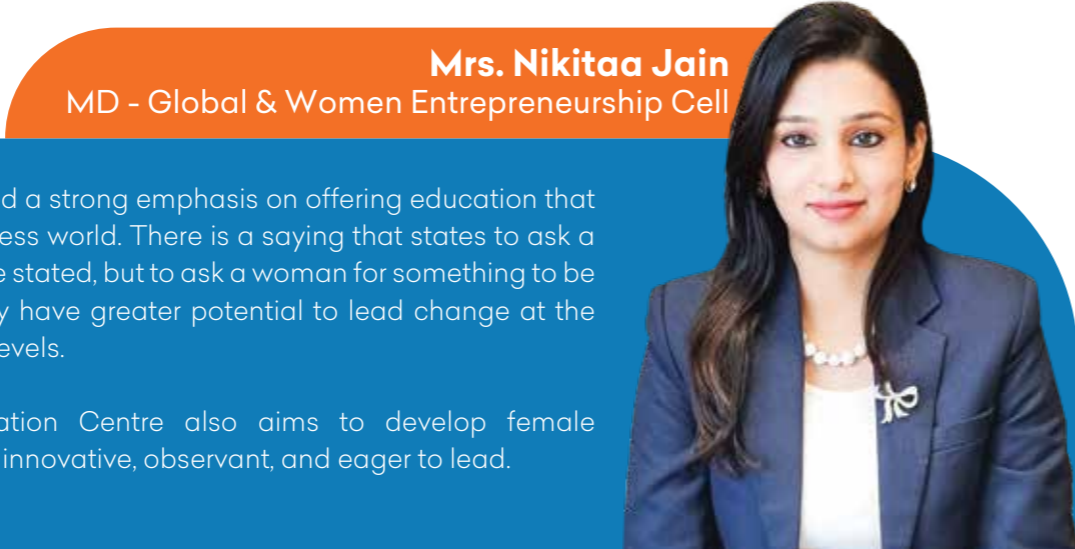

To make learning engaging, we have chosen to pursue a practice-oriented teaching process and industry-oriented education. This unique combination meets the needs of the business sector in addition to improving student learning. By encouraging students to pursue careers as technocrats, managers, or educators in diverse fields, we hope to increase employability. We want to grow the seed of entrepreneurship in young people's minds through information and education.

Mr. Adi Rishabh Jain
Vice - President

Swarnnim promotes the idea that it is the only institute of its kind in India that entirely focuses on educating young people about starting businesses and becoming entrepreneurs.

I feel incredibly proud to be a part of an organisation that supports my vision for the country since the country needs more creative minds to develop better employment and offer high-quality services. I want to set new standards for excellence using my management, leadership, and creative skills.

Mrs. Nikitaa Jain
MD - Global & Women Entrepreneurship Cell

We have always placed a strong emphasis on offering education that is relevant to the business world. There is a saying that states to ask a guy for something to be stated, but to ask a woman for something to be done. Women typically have greater potential to lead change at the collegiate and global levels.

The Swarnnim Incubation Centre also aims to develop female entrepreneurs who are innovative, observant, and eager to lead.

Dr. Ragin Shah
Provost

Cordially inviting you all to the centre of advanced learning, where the University prides itself on entrepreneurship, innovation, and startup. Our curriculum is created in a way that fosters a healthy competitive spirit among the aspirants to prepare our students for the future. I believe we have to educate young people and provide them with life lessons that will prepare them to be tomorrow's market leaders. Our responsibility extends beyond only dispensing advice on business beginnings and entrepreneurship.

Dr. Jikisha Jain
MD - Swarnnim Startup & Innovation University

In addition to constantly providing the necessary support, Swarnnim encourages students to seek careers as technologists, inventors, job creators, leaders, or educators in several disciplines. I believe that we must continue to use a teaching methodology that is practice- and industry-focused.

Startups, e-commerce, and many other methods and techniques have fundamentally changed how things are developed, advertised, and distributed. I cordially invite you to visit and spend some time in a setting that will inspire you to pursue your aspirations.

Dr. Upendra Patel
Registrar

Welcome to our inspiring campus, where we develop leaders capable of guiding the country to greatness. We want to empower our students by fostering an environment of innovation, invention, and entrepreneurship so they can find fulfilling employment and build a future in which they are their bosses. By hiring deserving academics and inviting experts in their respective fields, we can develop a rich course. We focus on the holistic growth of the children who enter the institute.

Dr. Kavita Kshatriya
Academic Dean

We give our students the tools they need to be effective contributors and leaders in the global community. I have the great fortune of working with a lot of hardworking, creative, and compassionate faculty, students and parents. We wish achieve academic excellence as well as a strong sense of character, strength, and self-respect ethics among students Community. We strive to ensure that our students are employed or self employed seamlessly.

Dr. Hiren Kadikar
Academic Dean

We are a unique university that focuses only on disseminating knowledge about startups and entrepreneurship because of our idea of going beyond the books and connecting young minds with professionals.

In addition, the university has been successful in encouraging startup ideas, holding health camps, and filing numerous patents. I invite you to join Swarnim in building a bright future.

Vijayant Kumar
Director - T & P Cell

We are committed to empowering students through four dynamic pillars of excellence. Our industry-aligned training programs are designed to shape future leaders, while our strong placement support helps students secure top career opportunities.

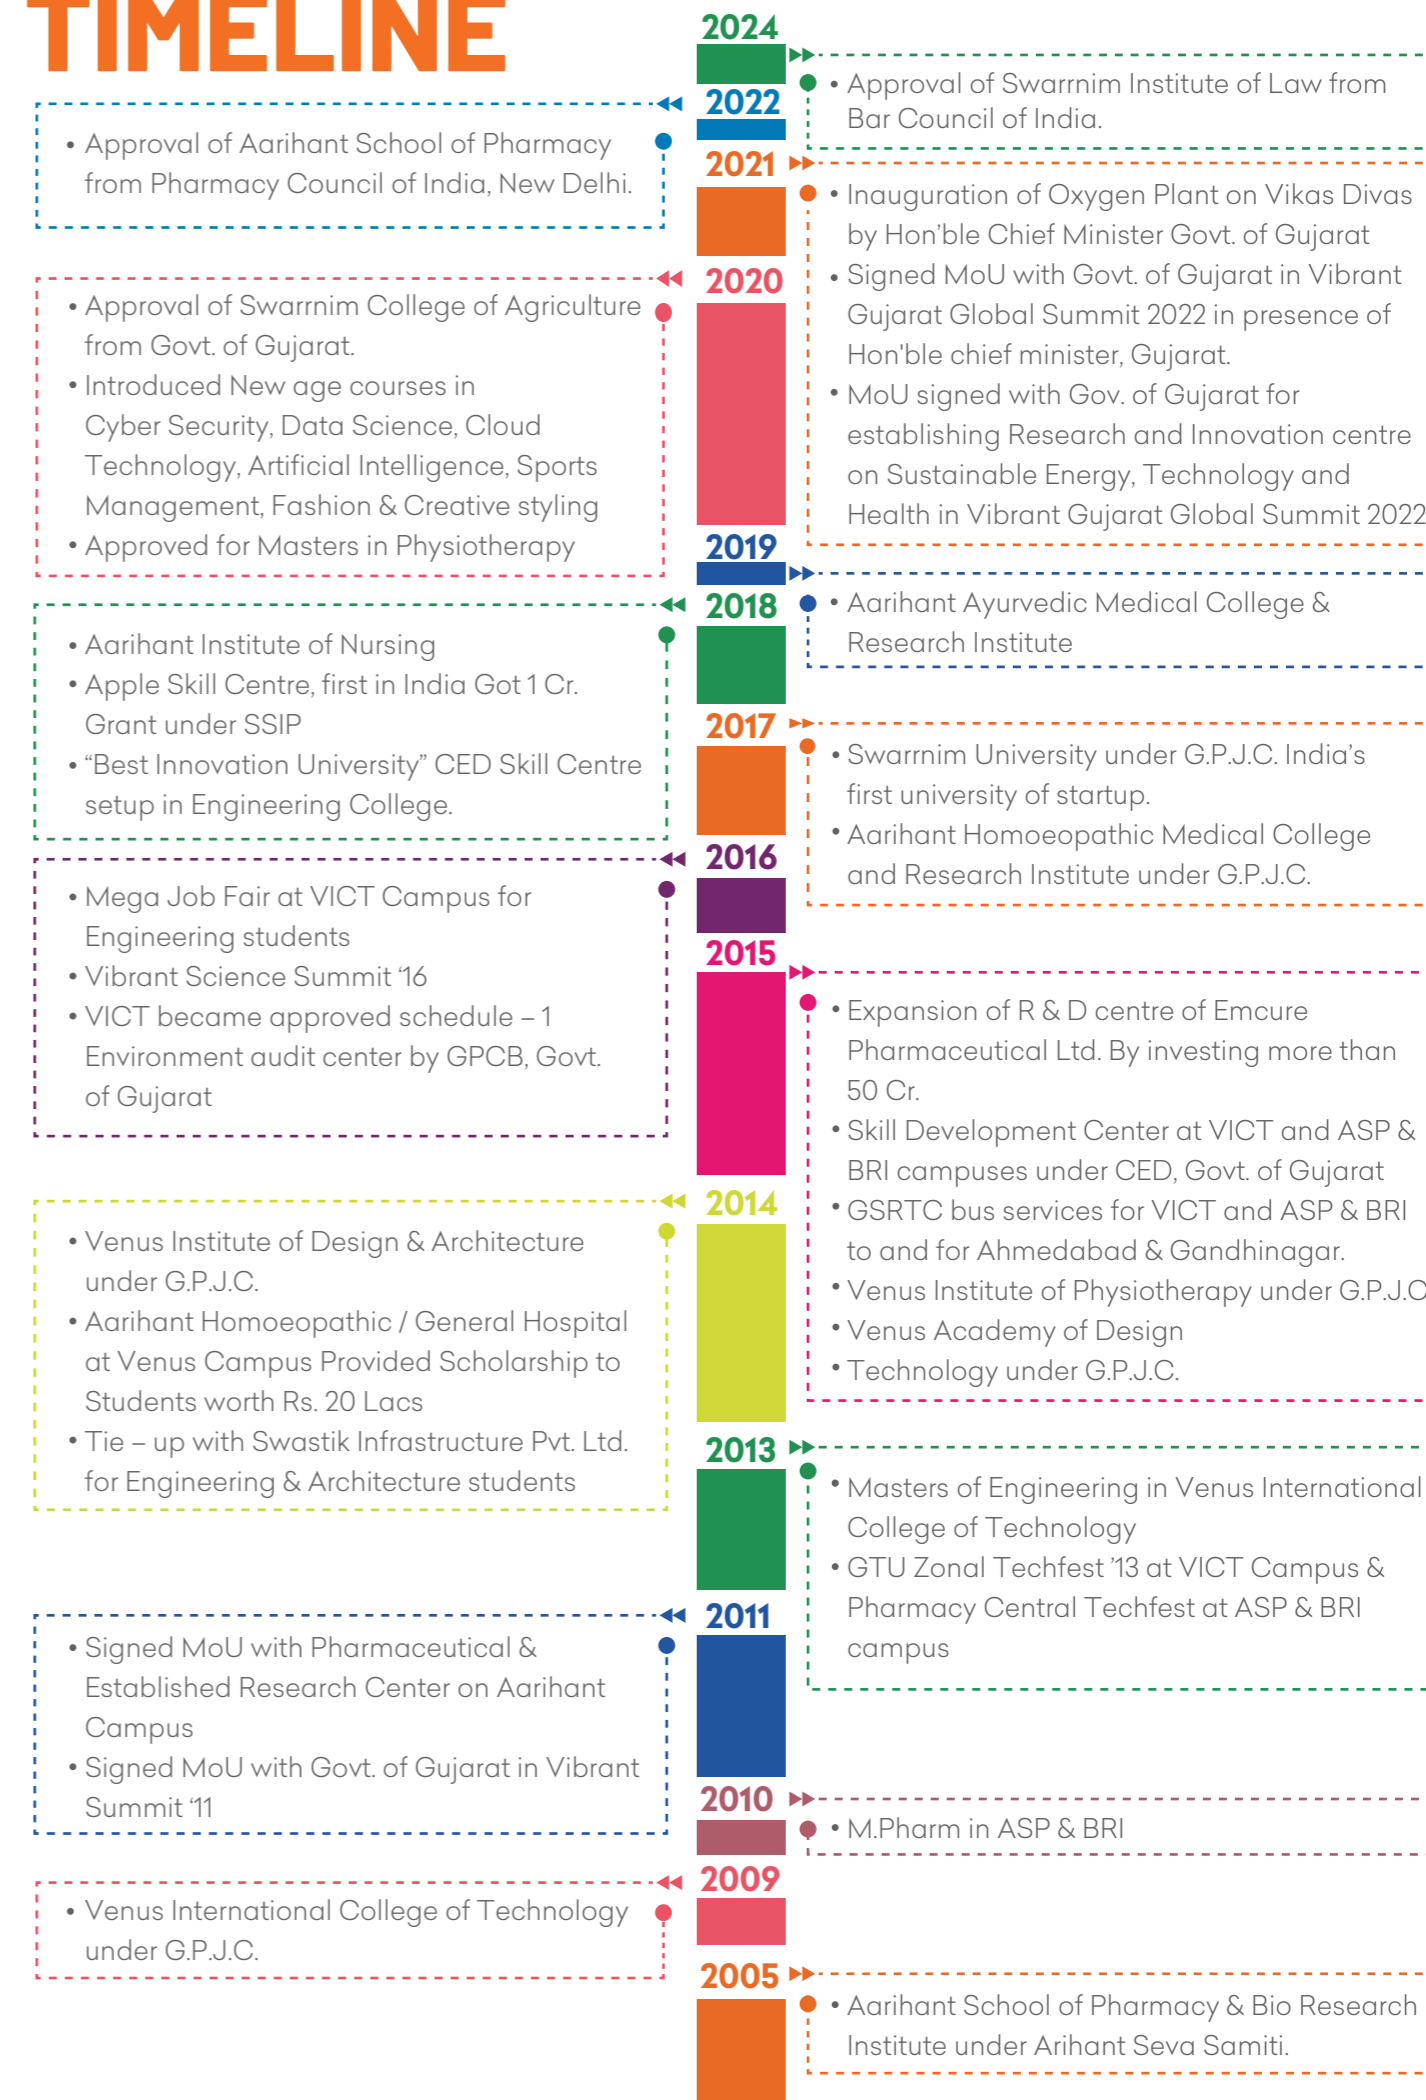

Through prestigious international collaborations, we offer global exposure, broadening horizons and perspectives. Our vibrant alumni association celebrates achievements and fosters valuable connections. Join Swarnim to unlock endless possibilities and achieve new heights!

Manish Mani
Director - Admission

It is my pleasure to welcome you as you take this significant step in shaping your future. At Swarnim University, we are committed to providing a transformative educational experience that seamlessly integrates innovation, practical skills, and academic excellence. Our diverse programs are designed to equip you with the knowledge, confidence, and capabilities to thrive in today's competitive environment, while fostering creativity, leadership, and an entrepreneurial mindset.

ACHIEVEMENTS

Messages From

Eminent Leaders, Delivered During **SWARNIMTalk**

Shri Mansukh Mandaviya

Hon'ble Minister of Labour and Employment and Minister of Youth Affairs and Sports, Govt. of India

All the students should find a way where they can contribute towards nation building with their startups and innovations. I am also hopeful that the startups at Swarnim University make this world a better place. I extend my best wishes to all the students.

Shri Rushikesh Patel

Hon'ble Minister, Health & Family Welfare, Higher & Technical Education, Medical Education, Law & Justice, Parliamentary Affairs Govt. Of Gujarat

The Swarnim Startup & Innovation University is the most promising educational facility to have emerged in the digital era, supporting the goals of the next generation to become successful entrepreneurs. For individuals who desire to explore the world of startup businesses with thorough practical knowledge & experience, the team of educators here is undoubtedly an added advantage. Warmest regards to the Swarnim Team!

Shri Shripad Yesso Naik

Hon'ble Minister of State for New and Renewable Energy, Govt. of India

I appreciate the Swarnim family for contributing to society during the Covid – 19 crisis. Let me take this opportunity to appeal to all young entrepreneurs & startups to make the best use of this opportunity. Swarnim University has done a remarkable job in bringing Educationists, Researchers & Practitioners to one platform to promote startup and innovation.

Shri Parshottam Khodabhai Rupala

Hon'ble Member of Parliament, Lok Sabha

It was a pleasure to discuss “Atmanirbhar Bharat” with Swarnim students and faculty. I would like the Startups at Swarnim to work with ICR. We will extend our full support to the startups that cater to the field of agriculture and share the learning from our experienced resources.

Smt. Anju Sharma

Hon'ble Principal Secretary - Agriculture, Govt. of Gujarat

I hereby congratulate Shri Rishabh Jain, Shri Adi Jain, and the entire Swarnim Family for taking an initiative on e-learning and converting a difficult situation into an opportunity for immense learning. Also, it is praiseworthy for putting tremendous efforts to encourage students for startups.

Messages From

Eminent Leaders, Delivered During **SWARNIMTalk**

Shri Punit Lalbhai

Vice-Chairman, Arvind Limited

Swarnim Startup and Innovation University stands as a beacon of innovation and excellence in education. By fostering entrepreneurship, global exposure, and industry-aligned learning, the university equips students to thrive in today's dynamic world. It is inspiring to see Swarnim nurturing young minds to become future leaders and change-makers. I am confident Swarnim will continue to create a transformative impact on students and society alike.

Rannvijay Singha

Indian Actor

Swarnim University is a game changer for those who want to get the finest guidance & support to pursue their dreams of entrepreneurial ventures. It is a safe haven for ideas & concepts that are made capable enough to take off as self-sufficient start-ups. The students are diligently backed up by the best in business team of educators with the necessary equipment for grasping knowledge and making it a medium to realise their goals. I wish the very best to such a revolutionary academic infrastructure and am proud to have experienced a part of it in the flesh.

Gulshan Grover

Actor & Producer

Swarnim Startup and Innovation University is a unique institution that combines creativity, innovation, and entrepreneurship to shape future leaders. It's inspiring to see a university that not only focuses on academic excellence but also nurtures talents in art, culture, and business. Swarnim empowers students to dream big and achieve even bigger. I am proud to associate with an institution that's building a brighter future for India.

Shri Abhinav A. Bindra

Olympic Champion, Entrepreneur

Entrepreneurship involves a variety of learning through trial and error methods in addition to being competitive and risky. Swarnim University is a path-breaking knowledge centre that bridges the gap between entrepreneurial aspirations and businesses with high profit margin. Revolutionising the dynamics of establishing a profitable enterprise. Wishing the best for the aspirants of Swarnim!

SWARRNIM INCUBATION CENTER (SIC)

- ✓ Venture selection
- ✓ Evaluation of commercial viability of ideas
- ✓ Mentorship from industry experts and academics
- ✓ Seed funding
- ✓ Access to government grants
- ✓ Legal and intellectual property (IPR) support
- ✓ Infrastructure support
- ✓ Network development for resource access

The Swarnim Incubation Centre (SIC) provides a comprehensive range of incubation services and support for aspiring entrepreneurs and startups. It empowers students to transform their innovative ideas into reality by developing commercially viable products and services. SIC also encourages students to identify societal challenges and create innovative, sustainable solutions.

The center fosters ventures across various sectors, including technology, agriculture, social impact, engineering, and more. SIC frequently organizes events such as entrepreneurial talks, workshops, and seminars, which help enhance visibility and engagement within the region.

HIGHLIGHTS OF SIC 2024-25

60+ Projects registered for Prototype

75+ Startups Incubated

27+ Patents filed/ Published

1.4 Cr. Funds given for development of the idea and Prototype

55 Lac. Fund allotted for Patent

100+ Students have worked on registered startup projects.

SWARRNIM ATMANIRBHAR DIVYANG CELL

The Swarnim Atmanirbhar Divyang Cell was launched in April 2021 with the goal of building a supportive startup and entrepreneurial ecosystem for individuals with disabilities.

Swarnim Startup & Innovation University (SSIU) offers a platform for people with physical challenges to leverage their skills and pursue entrepreneurship, with a focus on innovative and SaaS-based ideas. We conduct professional skill development workshops and seminars designed specifically for individuals with disabilities, helping them grow as entrepreneurs.

In addition, SSIU has formalized a partnership with Apang Manav Mandal through a Memorandum of Understanding (MoU) to further enhance this initiative.

SWARRNIM SPORTSPRENEUR CELL

At Swarnim Startup and Innovation University, we recognize and celebrate your sporting achievements through our dedicated Sports Cell. Whether you've excelled at District, State, National, or International levels in the last three years, we're here to reward your talent with exclusive scholarships.

Swarnim is the perfect place to pursue your passion for sports while receiving a world-class education. Join us and take your athletic and academic journey to the next level. Let your achievements on the field unlock incredible opportunities for your future!

Skill Development:

Enhances athletic abilities through expert training and modern facilities.

Scholarship*

Rewards sports achievements with scholarships of up to 50% tuition fee waiver.

Entrepreneurship in Sports:

Encourages innovation and entrepreneurial thinking in sports and fitness industries.

Industry Connections:

Builds strong ties with sports organizations and businesses for career opportunities.

Global Exposure:

Provides opportunities for participation in international events and collaborations.

Personalized Support:

Offers mentorship to help students balance sports and academics effectively.

WOMEN ENTREPRENEURSHIP DEVELOPMENT CELL

Swarnim University is dedicated to empowering women and protecting their rights. The Women's Development Cell (WDC) was established to promote women's empowerment and equip them with essential skills for personal and professional growth. The WDC has conducted a range of workshops focused on skill development, health and hygiene, gender sensitization, and entrepreneurship. Through the Women Entrepreneurship Development Cell (WEDC), Swarnim Startup & Innovation University (SSIU) provides a robust platform for women entrepreneurs to enhance their entrepreneurial skills, develop innovative products, and achieve financial independence. We offer mentorship, expert seminars, networking opportunities, and access to funding to support their growth.

SUPPORT

Morning Plus Beverages Pvt Ltd

The company started to provide fresh juice to the patients at the hospital. We later manufactured soft drinks and cold drinks with low sugar and no preservatives. The manufacturing was carried out at a low cost with plastic recycling process.

Mec R Spray (Polyherbal spary for menstrual cramp relief)

Mec R Spray is a herbal spray applied topically on the lower abdominal area for the treatment of menstrual cramps. The product is easy to use and safe with good penetrability and quick on set of action.

Hybrid Vehicle

The hybrid vehicle is built to work on both, conventional and electric vehicle technology. The vehicle is operated through a motor as well as battery in electric mode and conventional paddling method for operating it as a cycle.

The Morning Drug -Freshly Roasted Coffee!

The aim behind this is to introduce coffee lovers to buy quality coffee beans and roast them with care. With this, we wish to make high-quality coffee more accessible through our cafes and our website.

Veggie Cleaner

It is an organic product that cleans vegetables and fruits without using chemical ingredients. Veggie Cleaner is made from 100% natural ingredients, such as neem extract, lemon juice, and more.

Swarnim Institute of Technology is an initiative of Swarnim Startup and Innovation University Gandhinagar, with the vision of imparting quality education in the field of engineering for inculcating novel skills for innovation and creativity in the field of technology. SIT endeavors to exercise unique teaching and training processes in sync with the recent trends of job market, and accordingly students are groomed and skilled holistically, to combat the various criticalities of employability and entrepreneurship.

In tandem to this, SIT has an Authorized Apple Lab, SAP Lab and Virtual Laboratory (CV Lab) approved by IIT Roorkee, for up-scaling research and development opportunities. In response to the emerging Drone Industry, SIT houses School of Drone in collaboration with "Kaushalya: The Skill University," which is an affiliating State University, under the Government of Gujarat. We promote research and development activities amongst the faculty and student fraternity to develop new technologies and the generation of IPR. SIT has published 4 patents in the field of Mechanical and Automobile Engineering.

Programme Highlights

- Promotes experiential learning opportunity such as Hands-on training, Project-based courses, Active Learning courses, research projects, and internships.
- Holds the state-of-the-art infrastructure and other supporting facilities to provide enhanced teaching-learning.
- Mentors to build expertise in Engineering Materials, Automation, Artificial Intelligence, Machine Learning, Robotics, Electrical Technology, and more.

Labs

Advantages

- Learn specialised courses to meet industry requirements
- Industry ready advance curriculum
- Opportunity of work on live industry projects
- Mentorship from academia and industry experts
- Incubation facilities to undergo start-up and academic projects

The vision of the Institute of Design is to foster entrepreneurial capabilities and enable students to develop a design aptitude for creating socially responsible and sustainable environments. The School of Design emphasizes design thinking, leading to innovations that are not only multidisciplinary but also multidimensional, through a systems and frameworks approach. The curriculum equips future designers with the knowledge and skills to strengthen both their design attitude and aptitude. It educates students in the latest tools, techniques, and state-of-the-art developments in the design field.

At the School of Design, we passionately believe that the discipline—in its many forms, including Architecture, Interior Design, Graphic Design and Animation, Fashion Design, and Product Design—is complex and ever-evolving. New designers must be equipped to meet future challenges by cultivating a problem-solving design mindset that links learning with practical experience. This approach positions designers as bridges between traditional and modern realities.

Programme Highlights

Swarnim Science College primarily intends to nurture the shelved potential in students providing an ideal platform for them to channelize their creative outbursts and lend expression to their thoughts and views on various aspects in a serene manner. Our Institution believes that the purpose of education is to turn mirrors into windows, and it focuses not only on pure studies but also on providing opportunity to each student to explore his or her own capabilities and their area of interest - curricular, co-curricular or extra-curricular.

We aim to develop soft skills that will equip them to manage and lead the varied opportunities and challenges of the society with an added edge. We believe that complete development of a student into a holistic person requires active participation of the parents too. Thus the institution is in constant touch with parents informing them about the performance of their wards through correspondence and dialogues.

Health Science

The Healthcare Industry is one of the largest growing industries in our country. There is a huge gap between the requirement and actual supply of good quality healthcare professionals. Considering this, Swarnim Institute of Health Science is exclusively dedicated to the education of healthcare professionals. And this makes us the most sought-after School in the region.

The program was curated to help students develop an understanding of the philosophy, objectives, and responsibilities of 'Nursing' as a profession. The purpose of this course is to introduce the students to the current concepts involved in the practice of Nursing. This includes developments in the Nursing profession, integrating the knowledge of various fields to provide holistic care, prevention of disease spread and infection, care during illness and rehabilitation at recovery.

AARIHANT INSTITUTE OF NURSING

(Approved by Government of Gujarat, GNC & INC)

B.Sc. Nursing is a four-year undergraduate program that provides specialized knowledge and hands-on clinical skills training. It is approved by the Government of Gujarat, Gujarat Nursing Council, and the Indian Nursing Council. This program helps students gain knowledge about all subjects related to healthcare and nursing.

All necessary facilities are provided to students for clinical experiences under the guidance of experienced faculty in various clinical and community settings. Students also have excellent and challenging opportunities to explore nursing through exposure visits to communities, primary health centers, sub-centers, and community health centers. The nursing students are trained to provide quality patient care, supported by a strong commitment to education, practice, research, innovation, and collaboration.

After the successful completion of a Bachelor of Science in Nursing from one of the best B.Sc. Nursing colleges in Gujarat, graduates can either work as nurses in reputed hospitals and clinics or pursue higher studies such as a Master's in Nursing after their Bachelor's.

Programme Highlights

Our college is affiliated with following hospitals to have a maximum clinical exposures for our students for their bright future.

- GMERS Hospital, Gandhinagar.
- SGVP Hospital, Ahmedabad.
- Government Mental Hospital, Ahmedabad.
- Kanoria De-Addiction Centre, Bhatt, Gandhinagar.
- Community Health Centre-Kalol.
- More than 77 student have successfully passed out from our institute and recruited in reputed colleges and hospitals.

Curricular & Co-curricular Activities

Advantages

- Nursing is often considered one of the most personally and professionally fulfilling careers that anyone can do. Our experienced faculty members are providing that training by which our students' foundation of knowledge is enhanced.
- Our Courses have access to a variety of specialization possibilities within their field. These possibilities allow our students to explore a wide set of options throughout their education and training to find a subfield that interests them and best fits their needs.

AARIHANT

AYURVEDIC MEDICAL COLLEGE & RESEARCH INSTITUTE
(Approved by Ministry of AYUSH)

For thousands of years, Ayurveda has cultivated a body of knowledge that is desperately needed in today's society. Where there is harmony, there is health. Where there is disharmony, there is a disease. Ayurveda is the path back to harmony.

Interest in Ayurveda medicine is growing throughout the world as people seek natural solutions for disease prevention and the management of chronic health conditions.

Ayurveda Health Professionals work with diet, herbs, lifestyle, and yoga therapy to maximize the potential of the body to heal itself.

Program is of 4.5 years and 1 Year Internship.

Programme Highlights

- 211 Medical Camps were organized.
- 64 Medicines were prepared under Swarnim Health Care.
- MOU's with hospitals.
- 28 Seminars were organized for faculties and students.
- Research projects as part of startup initiatives.
- 22 Field visits were accomplished.
- 5 Exhibitions were conducted.
- Various days were celebrated, such as Yoga Day, Women's Day, and Ayurveda Day.

Advantages

- Prevention: Ayurveda places a strong emphasis on preventing disease before it occurs. By maintaining a healthy lifestyle, following a balanced diet, and practicing good self-care, individuals can prevent many health conditions from developing.
- Holistic Treatment: Ayurveda treats the whole person, not just the symptoms of a particular condition. It addresses the underlying causes of disease, and promotes overall health and well-being.
- Special Panchakarma Treatment for Body, Soul and Mind

B.Sc. (Hons.) agriculture is a broad-based course with great potential. It deals with things like food production, horticulture, animal rearing, rural economy and rural development, environmental health, etc. Other industries may face downsizing but agriculture can never fall prey because “food” is the basic necessity for life. Feeding the world will never face a recession or a slowdown. In fact, the development in technology, research, and innovation has multiplied the scope of agriculture in a big way.

B.Sc.(hons.) agriculture degree equips a student with the knowledge and skills that will help them to manage agri-preneurship, conduct research, work in agricultural field, conduct field surveys and manage different areas of farming practices.

B.Sc.(hons.) agriculture is a 4-year undergraduate professional course offered by Swarnim Startup & Innovation University. The demand for graduates with a degree in agriculture is increasing every day in india and abroad.

Programme Highlights

- To promote agriculture education
- Research & Development in Agriculture
- To provide the best infrastructure facilities
- Availability of advanced laboratories
- Well qualified faculties of various departments
- To provide innovative methodology of teaching and learning
- To empower students with latest techniques and skills

Advantages

- Agriculture is an exciting subject to explore
- Agriculture is a progressive path
- Good job and career opportunities
- Future tremendous growth in the agriculture sector
- More demand for young agriculture graduates
- More opportunities for agri-entrepreneurs

Course Offered

Course	Duration (Years)	No. of Seat
B.Sc (Hons.) Agriculture	4	60

Features:

Computing & IT

In a world where technology has become an inseparable part of our lives, the field of computer applications has gained immense popularity. Any business relies, directly or indirectly, on specialists who are adept at the advancement of computers and hence constitute the key asset for their growth and progress.

Every Program aims to equip students with the skills and knowledge required to meet the demands of the IT industry, thereby giving them an edge in the job market. Computing courses are the perfect choice for those seeking a successful career in the IT industry.

The courses equip students with the necessary skills, knowledge and understanding required to excel in the field and make them industry-ready. With the right knowledge and skills, graduates can make a successful career in the IT industry.

Programme Highlights

- Programme designed as per National Education Policy 2020
- Focuses on developing the ability to design, develop, and implement complex computer applications.
- Provide students with the skills and knowledge necessary to pursue a successful career in the field of computing and information technology.
- Provides opportunity to gain practical experience through internships and industrial visits.

Advantages

- Excellent Course Curriculum.
- Provides ability to analyze complex computer system requirements and design appropriate solutions.
- Students gain expertise in designing and developing software applications for a variety of business and industry needs.
- Opportunity to pursue a career in the IT & Computing industry or pursue higher studies in the field of computer applications.
- Magnificent Career Prospects.

Bachelor of Pharmacy (B. Pharm)	4	60

Aarihant School of Pharmacy & Bio-Research Institute, managed by Shri G.P. Jain Charitable Trust, is a rapidly growing degree pharmacy college spread over 3.45 acres of land. Established in 2005, the institute is strategically located on the Sarkhej-Gandhinagar (SG) Highway, a rapidly developing corridor connecting Ahmedabad, the commercial hub, with Gandhinagar, the state capital of Gujarat.

The institute offers undergraduate programs such as B.Pharm, D.Pharm & M.Pharm in specialized branches, including Pharmaceutics, Quality Assurance, Pharmacology, and Pharmacognosy. The campus is equipped with aesthetically designed academic buildings, modern research laboratories, seamless Wi-Fi connectivity, and a well-stocked library, all within a lush green environment. The institute remains committed to strengthening its reputation by delivering quality education and fostering innovation in the diverse fields of pharmacy.

Programme Highlights

- Pharmacy Program is designed to prepare students for key roles at various levels of the pharmaceutical industry.
- The Program is involved in research and Innovation related to healthcare system.
- The Program links health sciences with pharmaceutical sciences and natural sciences.

Advantages

- Have opportunity to work on research projects in pharmaceutical sciences and clinical pharmacy.
- Pharmacy programs combine coursework in pharmaceutical sciences, pharmacology, toxicology, pharmacy practice, and clinical pharmacy.
- Careers in pharmacy, research, industry, and academia.

Swarnim Institute of Law is dedicated to shaping the legal minds of tomorrow by providing an intellectually stimulating environment for students. Our aim is to nurture their potential, guiding them toward becoming skilled and ethical legal professionals.

We believe education should not only impart knowledge but also empower students to critically engage with legal principles and the challenges of modern society.

At Swarnim, we focus on holistic development, offering students opportunities to enhance their legal acumen, as well as their co-curricular and extra-curricular interests. The institute fosters essential skills such as critical thinking, leadership, and communication, ensuring students are prepared to excel in the dynamic field of law. We actively engage parents in the academic journey, maintaining regular communication to track and support student progress.

Together, we shape confident, responsible individuals who are ready to lead in the legal profession.

Programme Highlights

- Legal Aid Clinic: Participation in community legal services for practical experience.
- Moot Court Sessions: Simulated courtroom practice to develop research, reasoning, and advocacy skills.
- Court Visits: Exposure to live court proceedings at various judicial levels.
- Comprehensive Practical Training: Hands-on learning through internships, workshops, and case studies.
- Expert Interactions: Insights from High Court and Supreme Court judges for career guidance.
- Centre of Excellence: Advanced training and research in cutting-edge legal areas.

Advantages

- Graduate with practical skills through hands-on learning and real-life case studies.
- Develop advocacy and research skills in a simulated courtroom environment.
- Engage with real-world legal issues through community involvement.
- Understand the judicial system by observing live court proceedings.
- Gain insights and career guidance from distinguished legal professionals.
- Specialize in emerging areas of law at our Centre of Excellence.

The Goal of Innovation and Entrepreneurship Department (IE) is to establish the practice of creating new business ideas within the students through theoretical and practical interventions, intending to make them job creators rather than job seekers which ultimately results in overall societal development. Innovation and Entrepreneurship department provides all students with required skills, understanding of analytical tools, perspectives, and experiences that prepares them for careers as autonomous entrepreneurs, family-business entrepreneurs and even intrapreneurs in corporate settings.

It not only focuses on making them Entrepreneurs but initiating their thoughtfulness towards venturing into novel domains of Startup with innovative methods and products or services. IE department creates an environment of developing creativity which ultimately results in out of the box thinking.

Programme Highlights

- Programme designed according to Industry and Government Regulations
- Course Elevated according to New Education Policy (NEP)
- Expert Faculty & Focused Mentoring
- Practical Interventions by Seminars, workshops, Projects, Experiential learning etc.
- Course Enables Startup Projects
- Conception of new Startup & Conversion into Unicorns

Advantages

- Enhancing Entrepreneurial & Intrapreneurial Abilities
- Empower to Strategic Positions
- Apple Lab Facilities
- Attitudinal & Personality Enhancement
- Idea Developments through Mindmapping
- Networking

Doctoral & Research Programs

Doctoral & Research Programs are designed to equip students with the knowledge, skills and understanding required for a successful career in the field of research and academia. Doctoral courses are designed to cater to the needs of the research and the rapidly changing trends of the research and academia.

PhD in Engineering is a doctoral-level program that enables students to pursue advanced research in various fields including Computer Engineering, Mechanical Engineering, Civil Engineering, and Electrical Engineering. The program is designed to provide students with a comprehensive understanding of the principles and applications of engineering science and technology. PhD in Science provides students with an in-depth understanding of the scientific principles and concepts of mathematics, chemistry, physics and microbiology. The program focuses on the study of the physical, biological and chemical processes that govern the universe, and provides students with the opportunity to investigate and explore these topics in greater detail.

WHY STUDY IN INDIA ?

- ✔ World's third-largest 'Higher Education' system World's largest democracy with its economy ranked at the 6th place
- ✔ Known for entrepreneurial & technological ecosystem with remarkable startups
- ✔ History of thousands of years with rich culture & tradition. Home to beautiful landscapes including Mountains of Himalayas, Thar Desert, Rann of Kutch, rich wildlife, and Kashmir- the heaven on earth.
- ✔ A secular nation that values all religions and beliefs, and provides equal opportunities to all

WHY GUJARAT & AHMEDABAD?

- ✔ First-Ever "Africa Day" organized on Jan 19, 2019, at 9th Vibrant Gujarat Summit 2019. Gujarat shares business relationships with all parts of the world.
- ✔ With a radius of 15km, Ahmedabad is the biggest city in Gujarat. The city has an efficient and safe public transport system in the form of local airports, several rail links and intercity bus services.
- ✔ UNESCO world heritage sites- Ancient Ruins of civilizations are present in Dholavira and Lothal. UNESCO notified Ahmedabad as a World Heritage City in the year 2017.
- ✔ In recent times, the state has created some modern wonders for the world to see, like the "Statue of Unity", standing tall at 182m on the banks of river Narmada. It is the tallest statue in the world signifying the efforts and the strong will of the Iron man of India, Sardar Vallabhbhai Patel

WHY SWARRNIM?

- ✔ Ranked among top 50 Universities in India for Innovation achievement by Ministry of Human Resource Development
- ✔ State-of-the-art infrastructural facilities
- ✔ Swarnim Incubation Centre to facilitate & mentor startups for international students
- ✔ New age courses in Cyber Security, Data Science, Cloud Technology, Artificial Intelligence, Sports Management, Fashion & Creative styling, and much more
- ✔ In-campus residential facilities for international students
- ✔ Student Support Cell for International students, assistance in the visa process, FRRO, police verification & medical insurance

STUDENT'S TESTIMONIALS

Swarnim university proved to be a pool of opportunities for me. The faculties are passionate and deeply invested in student success, offering valuable insights and mentorship. It not just provides us with various platforms to showcase our abilities and skill but also helps us to learn all soft skills that are highly required for a medical student. My time here has equipped me with the confidence, knowledge, and networks to pursue my career aspirations. I am truly grateful for the diverse experiences and lifelong learnings I have gained at Swarnim University.

Ishita Patel (Ayurveda)

My Journey at SSIU has been full of excitement, Challenges and learning. It has completely transformed me both professionally & personally. I went through various trainings and practical's that helped me shape my carrier and secure placement. The unique approach of learning via training, workshops, mentoring session's placement preparations drive, lecture series, projects etc has led to immense value addition in my life. I thank SSIU for all the opportunities and mentoring that are a treasure for life.

Reshma Rout (Nursing)

Pursuing my Master's at Venus Institute was the best decision I made for my career. The advanced knowledge, innovative techniques, and patient-centered approach taught here have shaped me into a well-rounded physiotherapist. The specialized training and research opportunities truly enhanced my learning experience. Earning the gold medal was an honor, but what I value most is the expertise I've gained and the network of professionals I've built along the way.

Doshi Jahnviben (MPT)

I, Vaishnavi Pathak, a student at Swarnim Startup and Innovation University, want to express my gratitude to the faculty and management for their constant support. Their guidance has helped me excel in both academics and extracurriculars. I've been placed at Tata Consultancy Services (TCS) and look forward to new growth opportunities. The experiences and lessons from this university have added immense value to my life, and I'm truly thankful for the memories created here.

Vaishnavi Pathak (B.Com)

As a BCA student at Swarnim University, I am incredibly grateful for the enriching experience I've had here. The faculty's dedication to our learning and growth has been outstanding, providing both academic excellence and real-world exposure. The university offers numerous opportunities to participate in projects, seminars, and events that enhance both technical and personal skills. Swarnim's supportive environment has truly helped me build a strong foundation for my career, and I'm proud to be part of this institution.

Jainam Dusara (BCA)

I am glad that I joined this university that gives me exposure and allows me to explore more horizon that I had never heard or seen about. It even provides me various opportunities and ways to enhance my soft skills and provide me the stage to showcase my talent. The incubation provides great opportunities for building entrepreneurs.

Sushant Gupta (BBA)

My experience at Swarnim University as a B.Tech AI student was transformative. The supportive faculty, practical learning approach, and industry exposure equipped me with the skills to excel in AI. The lecturers were exceptionally knowledgeable and approachable, and the admission team ensured a seamless journey from the start. The university fostered innovation and an entrepreneurial mindset, preparing me for a bright future in technology. I'm proud to be a Swarnim graduate!

Vansh Pandeya (B.Tech - AI)

The curriculum of our course is really nice and is updated every time a new addition comes, the course helps in overall development of a student which helps to make you job ready. My experience with the college was really awesome as I got to explore a lot of qualities within myself with the help of teachers. Also I am a sports enthusiast so I got encouragement from the teachers too.

Siddharth Chavda (B.Sc. (Hons.) Agriculture)
